Statewide CTE Articulation Agreements

<http://marylandpublicschools.org/programs/CTE-Programs-of-Study/Articulation/index.aspx>

CTE Program of Study	Possible Credits	College	
Arts Media and Communication			
Graphic Communications (PrintED)	10 Credits 16 Credits		

Table has header row designated, which is great!

Avoid merging cells if at all possible. In this case, there's no reason "Graphic Communications (PrintED)" can't be spelled out on two different rows, one for 10 credits, one for 16 credits.

I'm guessing that the data currently showing beneath the unfinished table will be moving into that table. If so, I suggest formatting it as multiple tables with headings as follows:

Arts Media and Communication

CTE Program of Study	Possible Credits	College
Graphic Communications (PrintED)	10 Credits	Montgomery College
Graphic Communications (PrintED)	16 Credits	Bridgemont Community & Technical College

Business Management and Finance

CTE Program of Study	Possible Credits	College
NAF Academy of Finance	Various	Various - National Partnerships
Various CLEP Exams	Various	Various - National Partnerships

Consumer Services, Hospitality, and Tourism

CTE Program of Study	Possible Credits	College
American Culinary Federation	18 Credits	Stratford University
ProStart Food & Beverage Management	18 Credits	Stratford University
NAF Academy of Hospitality & Tourism	Various	Various - National Partnerships

Career Research and Development

<http://www.marylandpublicschools.org/programs/Pages/CTE-Programs-of-Study/Clusters/CRD.aspx>

The text is pretty dense. Recommend breaking it up with headings such as:

<h2>The Courses</h2>

The program consists of two in-school course(s), a portfolio development project, and a work-based learning (WBL) experience. The first course, Career Research and Development, provides students with instruction on Maryland's Career Development Model and includes self-awareness, career awareness and evaluation of career and academic choices through knowledge of the Maryland Career Clusters and Career Technology Education Programs of Study. The second course, Career Development, Preparation, and Transition, continues the self-assessment and career awareness process, however, this course is more focused on career preparation and transition as students enter into a formal WBL experience ,as well as, plan for employment, education, and training beyond high school.

<h2>Skills for Success</h2>

The basis for being successful in the working world is to demonstrate, in a variety of ways, competency in the Skills for Success. These skills include (1) learning; (2) critical thinking; (3) communicating effectively; (4) grasping constantly changing technologies; and, (5) working effectively with others. Students participating in the Career Research and Development (CRD) Program have the unique opportunity to practice these skills through a supervised work-based learning experience, the portfolio development process, and in-class instruction as they focus on continuously improving their skills to move beyond high school into employment and further education.

<h2>Work-Based Learning</h2>

The workplace component is a mentored, on-the-job, work experience with a written, personalized, work-based learning plan and a formal agreement between the student, school and employer. The goal of the WBL experience is to expose students to authentic employment opportunities that link to students' career interests, LSS career clusters, and employment demand. Work-based learning placements will prepare students for employment that lead to a family-supporting wage. Students develop and maintain a career portfolio throughout the program documenting progress related to their work plan. The elements of the portfolio shall document academic, technical, employability and personal skill development. The program culminates with students presenting their final portfolio documenting personal growth, achievements and learning experiences from their program.

alt=Arts, Media, and Communications

alt=

alt=

alt=

alt=

Arts, Media, and Communications

Business Management and Finance

Construction and Development

Consumer Services, Hospitality and Tourism

alt=

alt=

alt=

alt=

Alt text is hit and miss. Because these graphics serve as buttons – you click on them if you want to go somewhere else – they ALL need alt text that says where the user will go if the button is clicked.

This is doubly important here, because the tab order of the buttons and links is off. Here's the way a screen reader user currently encounters these links:

- Link: Arts, Media and Communications.
- Link:
- Link:
- Link: Arts, Media and Communications.
- Link: Business Management and Finance
- Link: Construction and Development
- Link: Consumer Services, Hospitality and Tourism
- Link:
- Link:
- Link:
- Link: Information Technology
- Link: Environmental, Agriculture and Natural Resources
- Link: Health and Biosciences
- Link: Human Resource Services
- Link: Information Technology

In other words, this is set up in a table, so the screen reader reads across the first row of buttons, then goes down to the second row, which is links, third row buttons, fourth row links, etc.

Thinking this through, the table should really be set up like this:

			
<u>Arts, Media, and Communications</u>	<u>Business Management and Finance</u>	<u>Construction and Development</u>	<u>Consumer Services, Hospitality and Tourism</u>
			
<u>Environmental, Agriculture and Natural Resources</u>	<u>Health and Biosciences</u>	<u>Human Resource Services</u>	<u>Information Technology</u>

[Grid left visible for demonstration purposes.]

And each cell gets coded like this [this part's for Josh]:

Option 1: Button and link connected, so it doesn't matter where user clicks

```
<a href="/programs/Pages/CTE-Programs-of-Study/Clusters/AMC.aspx">Arts, Media, and Communications</a>
```

Option 2: Graphic is not a button, user clicks on the link

```
<a href="/programs/Pages/CTE-Programs-of-  
Study/Clusters/AMC.aspx" title="AMC">Arts, Media, and Communications</a>
```

<h2> CTE Social
Media</h2>

House style is black and left justified:

<h2> Maryland CTE</h2>

➤ Maryland CTE Programs
Home

All of these videos have inaccurate, uncorrected Youtube autocaptions. None of them have a companion Visual Description/transcript document that describes what's going on in the video along with what people are saying.

CTE Videos

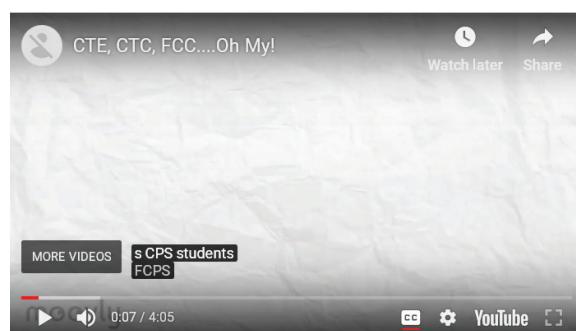

http://www.marylandpublicschools.org/programs/Pages/CTE-Programs-of-Study/CTE_Videos/CTEVideos.aspx

Recommend breaking out the headings and tagging them, like this:

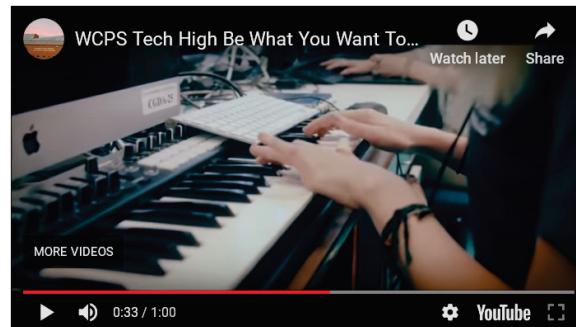

<h2>Advance CTE</h2>

Advance CTE's newest video provides an overview of how Career Technical Education (CTE) prepares learners for their futures while closing the skills gap for employers across the country. Use this video with critical stakeholders to continue to combat false perceptions of what CTE is and who it is for. This video is designed to help you make the case for CTE in your community and demonstrate the benefits of today's CTE!

All of these videos have inaccurate, uncorrected Youtube autocaptions. None of them have a companion Visual Description/transcript document that describes what's going on in the video and the words that appear onscreen along with what people are saying.

None of these videos have captions. Even without dialogue, if there's music playing the caption should be [Music] so the Deaf user doesn't think that there is dialogue they're missing. Also none of them have a companion Visual Description/transcript document that describes what's going on in the video along and the words that appear onscreen.

Can a student complete a program of study and meet all of the course requirements for college entry?

<http://www.marylandpublicschools.org/programs/Pages/CTE-Programs-of-Study/FAQ/StudentCollegeEntry.aspx>

All of these are WAY TOO LONG:

Title
Can a student complete a program of stu...

PageHeadline
Can a student complete a program of stu...

PageKeywords
Can a student complete a program of stu...

PageDescription
Can a student complete a program of stu...

High School Program					College Program
Requirements	Grade 9	Grade 10	Grade 11	Grade 12	
English - 4	English 9	English 10	English 11 AP Language	English 12 AP Literature	English/Language Arts <i>Include AP credit options</i>
Social Studies - 3	US Government	World History AP European	US History AP US History	Government AP Govt.	Humanities/Social Sciences <i>Include AP credit options</i>
Mathematics - 3	Algebra I	Geometry	Algebra II	Trigonometry or Pre-Calculus or Calculus or AP Calculus	Mathematics <i>Include AP credit options</i>

Blurry. Not accessible to sighted people.

[Download a printable copy](#) 

It's a tagged PDF, but it's not formatted as a table. Each line is tagged as a paragraph, which messes up the intended reading order. For example, that means the Mathematics requirements are read like this:

Mathematics - 3 Algebra I Geometry Algebra II Trigonometry Mathematics or Pre-Calculus Include AP credit options or Calculus or AP Calculus

In a properly formatted table, it would be read like this:

Requirements: Mathematics – 3. Grade 9: Algebra I. Grade 10: Geometry. Grade 11: Algebra II. Grade 12: Trigonometry or Pre-Calculus or Calculus or AP Calculus. College Program: Mathematics Include AP credit options.

If this was done in InDesign, the designer should be able to go back and tag the document properly (rows, columns, row headers, etc.)

Profiles

<http://marylandpublicschools.org/programs/Pages/CTE-Programs-of-Study/Profiles/Index.aspx>

The Title of the page should be “Profiles” or, even better, “Career and Technology Education Profiles.” There are dozens of index.aspx pages in this website. Page Title should be unique to this page.

Alex Y

How does the FBLA program prepare you to enter either college or a career?

I can honestly say that without FBLA, I would not be the person I am today. FBLA is an org

Inconsistent style. Each question should be <h2> AND black.

ISSUE 4:

<http://marylandpublicschools.org/programs/Pages/CTE-Programs-of-Study/Profiles/Hailey-F.aspx>

<h1> </h1>

Hailey is a senior at Perry Hall High School where she is preparing f
engineer and industrial designer. She explored and expanded her p
CTE design courses. She took her enthusiasm for engineering outsi
first Society of Women Engineers (SWE) chapter in a Baltimore Co
